Expenses and Accommodation

Accommodation:
The University Accommodation Office will endeavour to allocate accommodation to students studying at MBS for a Full Year, Semester One or Semester Two from University Halls. Students cannot be guaranteed a specific Hall or the type of accommodation but can indicate a preference between a Self-Catered or a Catered Hall. The first semester contract terminates at the end of January and the full cost for the semester will need to be paid even if a student is permitted to finish at MBS in December. The second semester contract terminates in June.

Students can apply online for accommodation only after an acceptance letter from Manchester Business School has been issued with a UID number. **It is essential that once an online application has been submitted that you check emails on a regular basis as an offer is only held for a very short period of time.**

Further information about university accommodation is available at:-

Free health treatment is available on the UK’s National Health Service to all international students studying here for longer than six months, as well as to all students from EU countries. The course listings are updated every year in June.

**Academic prerequisites:** All courses listed are available to students with a good level of Business/Management knowledge. The home institution should approve the course choices and only recommend students capable of following the chosen subjects. You should be guided by indications of pre-requisites as shown on course outlines and should ensure that equivalent pre-requisites have been fulfilled.

**Full-time workload:** The full workload for the year is 120 MBS credits – 60 MBS credits per semester. Exchange students should take six 10 credit courses per semester but are permitted to take a minimum of five 10 credit courses with the approval of the home institution. A 10 credit course is equal to five ECTS credits. Students are not permitted to take less than five courses.

**Semester One only students:** Students attending in Semester One only are able to choose from a selection of Semester One and Full Year courses. If students wish to leave in December and not return for the examination period in January, the home institution should complete the appropriate section on the course choice form which will be sent by MBS as part of the application process. These students will be given special assessment arrangements in place of examinations for their chosen courses in the form of coursework/essays, group projects etc. Some extended January deadlines for submission of coursework may be given and students will be advised on the submission process on arrival.

**Semester Two and Full Year:** Students are expected to be in attendance for all examinations. Full Year students are not permitted to take special assessments in place of examinations.

**Examination Results:** Semester One will be released in March. Semester Two and Full Year will be released in July. All results will be sent to the home institution and will be ratified by the Board of Examiners in July 2015.
