University of St. Gallen Exchange Program

University of St. Gallen (HSG) was founded as a business academy in 1898 and in 1911 became a business university. In 2001, HSG introduced Bachelor's and Master's degree courses across the board and fundamentally reformed the education it offers. Despite being one of the smallest universities in Switzerland, it has the largest business faculty of any Swiss university and is one of the leading schools for business, economics and public administration in Europe. The university encourages students to go forth with an entrepreneurial spirit while pursuing their own objectives. Students at HSG are encouraged to design and plan their own course of study. *Financial Times* ranked it number 6 in European Business School Rankings.

St. Gallen is situated between the Swiss Alps and Lake Constance, nestled in a picturesque landscape. The narrow streets of the old town provide an excellent place to wander, with numerous shops, restaurants, and cafes. The modern city of St. Gallen also has rich cultural offerings with theatres, museums and concert halls. St. Gallen has an excellent infrastructure with good connections to the Swiss railway network and is located only an hour from the Zurich airport.
