More on Hotel Accommodations

How can I select a roommate?

- We will ask you to access your GPP Profile and review the list of students assigned to the same GSBA 582 section and traveling to the same destination. From that list, you can select a roommate, and the system will automatically send them an email request. Roommate requested must be accepted by both individuals for the system to assign as roommates.
- You can also select “assign a roommate” in your GPP Profile. We will then pair you with a same sex roommate.
- If you do not select a roommate during the allotted time, we will randomly select a same sex roommate for you.

Can I request a single room?

- In your GPP Profile, you can select “I intend to pay for a single room.”
- If you choose to request a single room, there will be an additional cost to cover the accommodation for the program dates only.
- Single rooms are subject to availability and rates vary depending on the room type available.
- You will need to pay the travel agency – Crown International Travel – directly before the deadline, otherwise you will be assigned a roommate.
